Club Meeting at Burton Junction

Club Members enjoyed another visit to Burton Junction, Buck Burton's elaborate model railroad (and model car) layout of several communities and neighborhoods. The Junction shares space in Buck's garage with his vintage Buick sedan and Chevy pickup. Thanks Buck for once again sharing your cool car and train stuff. Pictured are one part of the layout and (Right to Left) Buck, Barbara Emery and President Charles Emery.

Good News

ESR's new membership chairperson, Dr. Barry Morrison, has done a fine job of updating our membership list. A new roster is attached. Please confirm that all your information is correct. Please let Barry know if changes are necessary. Also, please welcome the new members that joined in 2026:

Mike and Diana Dunn, Salisbury
Sharon and Geo Griffith, Georgetown
Rich Leary, Salisbury
Bill and Edna Messmer, Seaford
Barry and Lori Morrison, Laurel
Kurt Rempe, Millsboro

Upcoming Events

Three engaging programs are planned for the spring so be sure to get these dates on your calendar and join your ESR friends for dinner and fun. Don't forget to bring a friend – check the roster for folks you haven't seen lately and call and invite them to join you.

March 3rd, 5:30 PM - JoJo's Family Restaurant; 301 E. Naylor Mill Rd.
Kurt Rempe's grandfather bought a Model T Ford huckster new in 1918. Come hear Kurt tell about its history and his restoration.

April 7th – 5:30 PM; Delmar Diner, 9506 Ocean Hwy, Delmar, MD.
For Andrew Pogan's 16th birthday he was given his grandfather's Model A Ford Tudor sedan. He, and later his entire family, have driven it ever since, with a major restoration many years ago. Andrew felt that it was time for a "refresh" so he enlisted fellow club member Will Ruhland to do some body work and painting. Will and Andrew will tell us about all the challenges and we'll see the results at Will's shop which is nearby.

May 5th - 5:30 PM; JoJo's Family Restaurant; 301 E. Naylor Mill Rd.
Our 3rd Annual Table Top Car Show

There will be two classes – purchased and self-built – with trophies for "Best In Show" in both categories. Each entry can be accompanied by a short story of why the model is special to you. If members bring them in, we can also have a car corral, for kits and model cars for sale. Gentlemen (and ladies) as they say "Start Your Engines" and build those models.

More Fun

We are arranging our annual **night with the Shorebirds at Perdue Stadium**. Cars, baseball and hotdogs. What could be better? Stay tuned.

The **Simeone Foundation** in Philadelphia (<https://simeonemuseum.org/>) has monthly on-the-track exhibitions of their racing cars in action. Your president plans to visit this event on November 14 and wonders if others might like to join him? Stay tuned once more.

The **Marshall Steam Museum near Wilmington** (<https://auburnheights.org/>) has monthly Steaming days when they fire up

their cars, Mountain bus, and rail system. Would you like to go on a field trip there?

We are exploring the option of continuing our traditional **car show** in the Fall with the **Hebron Lions Club**.

How about a **run toward the beach for ice cream**?

Glidden Tour will be based in **Dover, Delaware September 20-26, 2026**. Don't miss that. Watch AACA website and magazine for registration information.
